CASINO — TURN WEST, NOT SOUTH

Bruxner west 38 km → Sandilands → **Clarence Way south 120 km**. Winding river country, ≈25 km gravel.

Bail-out: late, or flooding on Live Traffic — go **south on the B91**. Saves 48 km, camp ≈15:00, subtract 48 from every km after Casino.

FUEL RULE — TANK PLUS BLADDER

Ollie: **220 km usable** + ≈100 km from the 8 L bladder. Longest leg 160 km. **Ollie splashes at Casino** — Grafton leg 158, not 191.

Jackadgery is the last fuel — 8am–5pm, ring Friday. Ollie reaches camp with ≈129 km plus the bladder; Plan A needs 130 km of gravel.

CAMP — NO SERVICES AT ALL

No water. 5 L each, 15 L between you.

No firewood — buy it in Grafton. Collecting it is prohibited.

Assume no campfire. Fire Danger Period in force — cook on gas.

No reception. Sites 13, 14 & 15.

DECIDE BEFORE YOU BREAK CAMP
